738,546 cases

↻ Replay
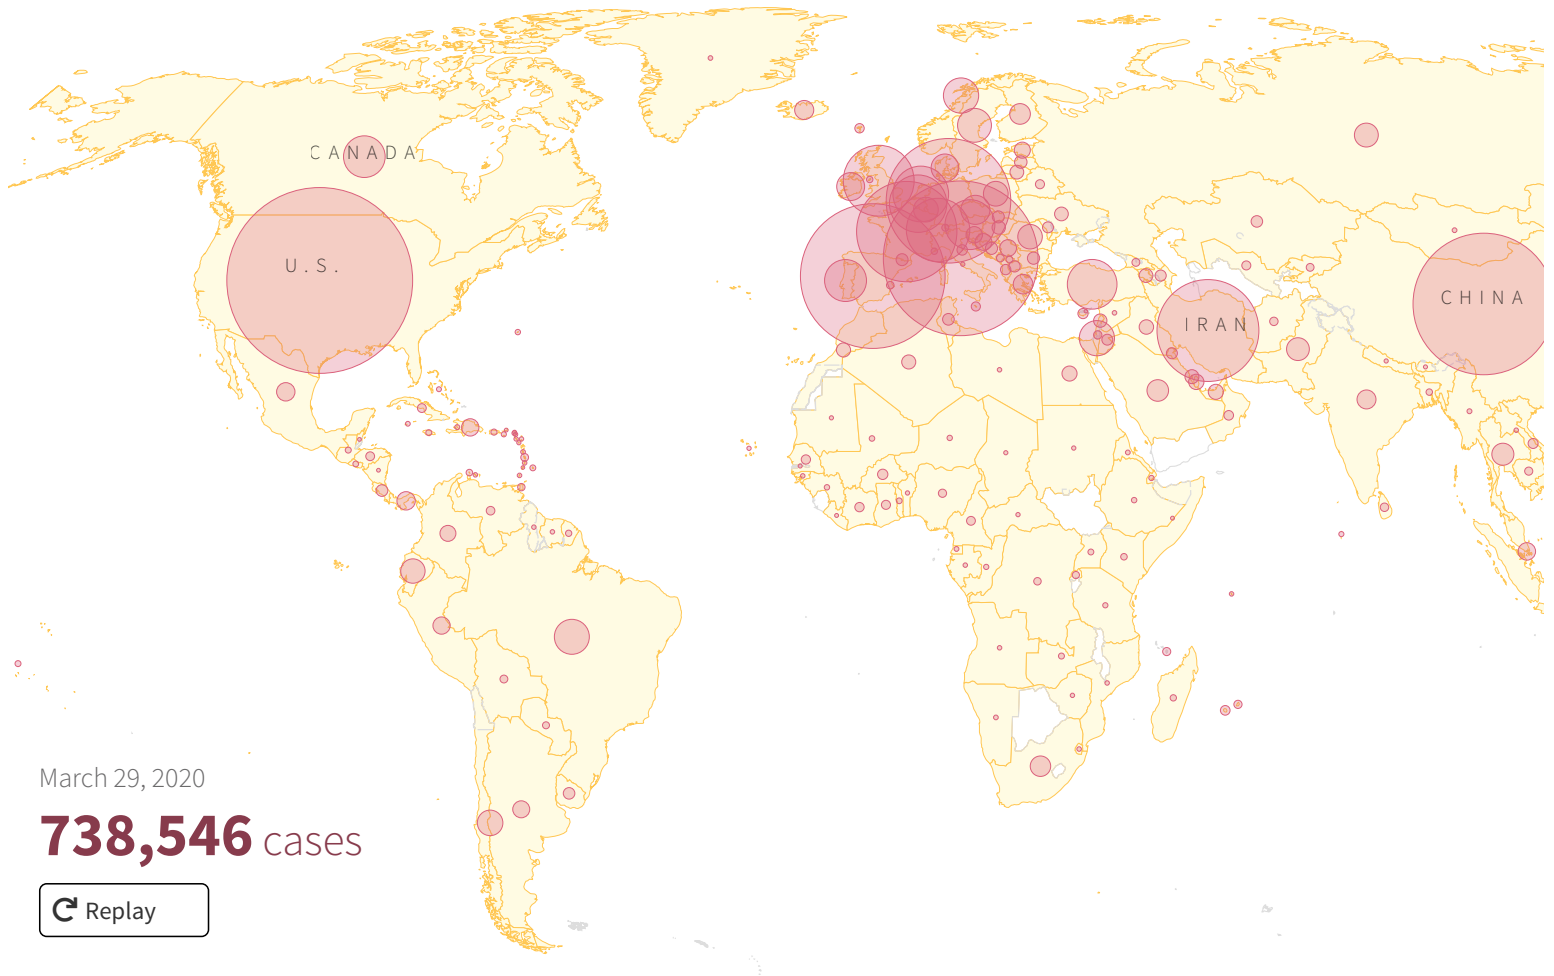

At least **35,006 people** have died from a coronavirus called SARS-CoV-2 and **738,546 have been infected** globally, following an outbreak that started in Wuhan, China in early December. The World Health Organization referred to it as a pandemic on March 11, 2020.
Pending cases: 547,786 (74.2%)   **Deaths: 35,006 (4.7%)**

**People recovered: 155,754 (21.1%)**

Though the outbreak started in China, it has now reached 203 countries and territories. 128 of those have reported fatalities. Ivory Coast and Saint Martin reported their first fatalities in the past day.

657,076 cases, 89% of the total, have been confirmed outside mainland China. However, 99.9% of the cases added in the last week have been reported outside mainland China.
